

WINE into H<sub>2</sub>O

# Monde eau

CHARDONNAY 2015

## TASTING NOTES

Bright and layered aromas of green apple, peach, and butterscotch, with a nice touch of nutmeg and mineral on the nose. This wine intrigues you with a great diversity of flavors on the palate, from mangos, nectarine, and green bananas to a slight hint of slate. Very well balanced wine with a nice touch of acidity on the bright long finish.

## BLEND INFO

### 100% Organic Chardonnay

71% Areté Vineyard Chardonnay, Wahluke Slope  
29% Badger Mountain Estate Vineyard Chardonnay,  
Columbia Valley

## WINEMAKER NOTES

The Chardonnay fruit from both the Badger Mountain Estate Vineyard and Areté Vineyard were harvested in the month of September with a fairly close sugar levels of around 22.5% average. Because of the bright fruit character of these great vineyard sites, we used the 796 yeast strain on both lots to round out the mouthfeel. All of the grapes were fermented in stainless steel upright fermenters. No malolactic fermentation took place to retain the racy fruit flavors and maintain the natural bright acidity.

## WATER CHARITY INFORMATION

charity: water is a non-profit organization that gives 100% of the money raised directly to project costs, funding sustainable clean water solutions in areas of greatest need. Monde eau Wines and our distributor partners will make a donation from the profits of our sales to charity: water to fund projects in developing countries, providing permanent access to safe water. Please visit our website for more information.
